Mr. Mansfield,

My name is Roberto Rodriguez and I manage SDWA Enforcement Officer in Region 9. Emmanuelle Rapiavoli of the Water Division forwarded your email to our office. Hillary Hecht of my staff is the lead enforcement officer assigned to this case. Per EPA's February 16, 2017 letter (attached), we invite FMCV to

enter into discussions with EPA to address the ongoing violations at the Polacca Public Water System. If FMCV is interested in entering into such discussions, please contact our office by March 16, 2017.

Thank you.

Hi Jeff,

Thanks for your email. I am going to have to refer all inquiries related to EPA's notice of violations for the FMCV water system to Hillary Hecht in our SDWA enforcement office. He's cced on this email and can also be reached at (415) 947-4266.

Thanks,

Emmanuelle

Please: All data submittals to our office should be sent by email to datamanager@epa.gov with a copy to me (or your project manager in the Drinking Water Office). Data reports are due no later than the **10th** of the month following the month that you receive results, or the **10th** of the month following the compliance period, whichever comes first. Please include the whole lab report and copy of the Chain of Custody. Label with PWS name and number; & source or distribution system location codes or names for data collection points.

Subject: FMCV's PWS#09-400106 NOV

Emmanuelle,

Jeff Mansfield from FMCV, I was curious to know what timeframe FMCV's PWS#09-400106 has in regards to "ACTUAL" administrative enforcement?

Lionel P. from Hopi Water Resource Program mentioned that the Hopi Tribal Government & EPA negotiated for almost 1 year from the date that the Hopi Tribe was issued their Notice of Violation in regards to their own non-compliance for their commercial well at Hopi Cultural Center. Would that have some validity?

Lionel P. is very adamant that the Hopi Tribe's General Counsel/Attorney's will step in for all the 1st & 2nd Mesa Villages who all received their own NOV simultaneously? I am not totally convinced that this may be FMCV's PWS#09-400106 predicament.

FMCV is very adamant in pursuing its own Interim Measure via an "Arsenic Treatment Facility" which was originally intended through IHS Project 04-S63 with \$800k devoted to pre-empt 2006's SDWA enforcement effectiveness back in 2004? I'd really appreciate an honest response so that we may have the luxury of knowing. Thanks

Jeff Mansfield
